

MACal Glass Decor™ 400, 500 & 700 Series

Beautifully decorative and private

The MACal Glass Decor Series combines privacy with great aesthetics. This range of luminous translucent films offers winning choices for designers, installers and building occupants. The look and feel of a space can be transformed by imaginative window graphics - including large or small lettering - ensuring privacy and allowing natural light transmission.

MACal Glass Decor 400 Series

Intermediate calendered films designed for decorative window applications. Ideal for achieving a frosted effect on glass, these films feature a durable, long-life acrylic pressure-sensitive adhesive and are available with either a high-quality plain liner or a bubble-free (BF) liner. A cost-effective solution for short-term indoor and outdoor use.

MACal Glass Decor 500 Series

Polymeric translucent films offer a high-quality frosted glass effect. Engineered for both indoor and outdoor applications, they feature a long-lasting, highly cohesive acrylic pressure-sensitive adhesive and are available with either a plain or bubble-free (BF) liner.

MACal Glass Decor 700 Series

Premium polymeric translucent films designed for long-term decorative glass applications. These films come in dusted* and frosted matte finishes. The frosted finish is also available in a range of colors: Offshore Blue, Fresh Mint, Sparkling Yellow, Romantic Rose, and Gold. Featuring a durable acrylic adhesive and bubble-free (BF)* liner options, these films are easy to apply and remove cleanly from glass or rigid plastic surfaces.

* Dusted and the coloured frosted films are only available with a plain liner and do not feature BF (bubble-free) technology.
